Purpose	
It is a requirement of the Health & Social Care Act 2008 Code of Practice, on the prevention and control of infections and related guidance, that an annual statement is produced to demonstrate compliance with good practice in infection control. This annual statement outlines the action taken by GPHA over the past year (2022/23). It will be displayed on the Organisation's website to make it accessible to all.	
Outbreaks of Infection	
There have been no outbreaks of infection in the past year.	
There have been no significant events reported regarding infection control issues in the period covered by this report.	
Audits/Risk assessments	
<ul style="list-style-type: none"> • In 2022 our weekend service locations had an infection control audit carried out by Clare Line: <ul style="list-style-type: none"> ○ Hadleigh clinic rooms ○ The Paddocks vaccination hub ○ Canvey Primary care centre ○ Valkyrie Surgery ○ Highlands Surgery ○ Ashingdon Medical Centre ○ Oaklands Surgery 	

- An antibiotic audit is in the process of being completed by Dr S Chana (Enhanced Access Lead and Medical Director GPHA).
- Legionella (Water): GPHA conducts its water temperature testing monthly to ensure that the water supply does not pose a risk to patients, visitors or staff.
- Annual waste management audits have been carried out ensuring the appropriate waste streams are being used. The audit returned positive results in all areas.

Training

- All staff complete annual mandatory infection control training
- In February 2023 Clare Line attended a *Infection Control* update training course

Review of Policies, Procedures and Guidance

All Infection Prevention and Control policies are routinely reviewed and updated on an annual basis, or more frequently if required.
